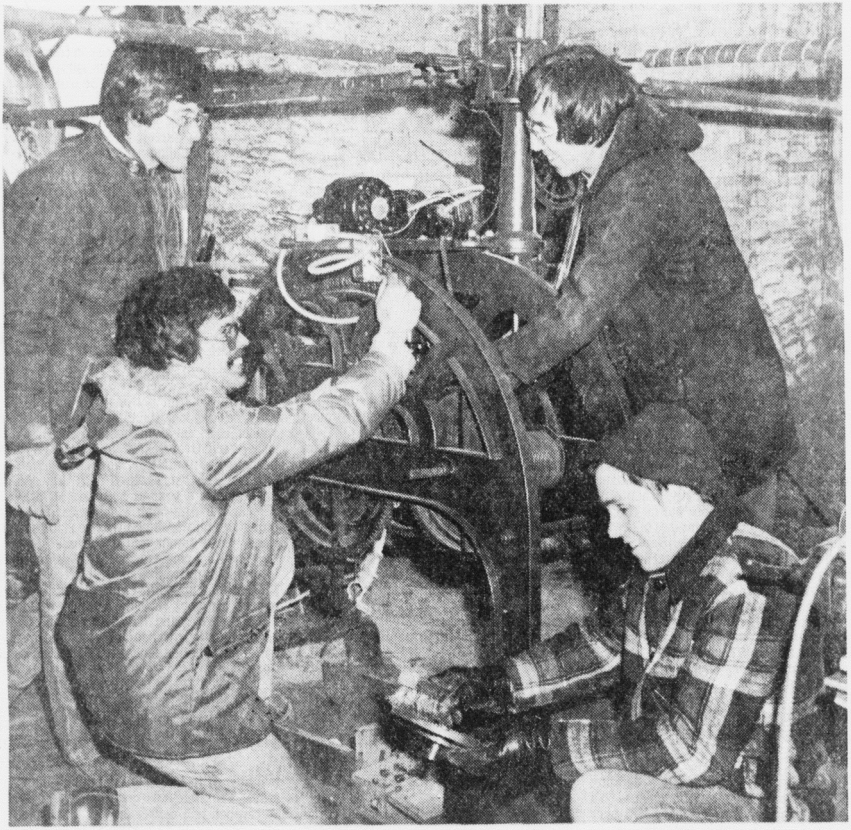
THE SCRANTON SUNDAY TIMES, March 21, 1982, page B-5

(this photograph accompanied the text on the preceding page)



The first phase of restoring Carbondale City Hall was completed in early February when the 66-year-old clock was repaired by a Harrisburg clock firm. Robert Rogers, standing, right, of Rogers Clock Service, and his assistant, Tom Lengel, kneeling, left, were never alone because local residents pitched in to help with repairs. Tom Brennan, standing, left, treasurer of the Committee to Restore Carbondale City Hall Inc., inspects the new clock motor while George Burke cleans one of its gears. (Times Photo by Ros-Al)
